**Mrs. Nancy Bucannan**

**New York Nanny Services Plus**

103 Suit A Bridgeport Ave, Ithaca, NY 30026

Dear Mrs. Bucannan,

I am deeply interested in applying to the nanny position you have open with your company. I am a graduate of St. John's University, class of 2011, and hold a bachelor's degree in Childhood Development, with a concentration in Early Childhood Education. I have previous experience taking care of children, and would love the opportunity to expand my knowledge and experiences related to this field in your company.

I am currently employed by a family, and care for two children, ages 2 and 4. As a nanny, I am committed to providing a safe and nurturing environment to those under my care. On a daily basis, I am responsible for providing them with stimulating activities, while also assuring that their needs are met. Such needs include creating healthy meals, providing educational and fun activities, and taking children to different appointments.

I have created a field trip program to assist the children in their ever-growing curiosity of exploring the world around them. In the years that I have worked as a nanny, I have learned how challenging it can be to manage the varying needs of children during each stage of development. Through practice and patience, I have achieved the ability to care for children individually, while still paying close attention to the overall needs of the group.

Before taking my first job as a nanny, I completed CPR and First Aid training, and have since kept those certifications up to date. I possess strong organizational and communication skills, and after spending a semester abroad in Provence as an Au Pair, I became fluent in French. I would be more than happy to aid in foreign language classes, should that be desired by clients.

Caring for children is a true passion of mine, and I genuinely enjoy their company. I believe in creating positive and happy environments that let children feel safe and supported. I hold a strong work-ethic, and understand that the position of a nanny is demanding, yet rewarding in many ways. I firmly believe that I am a great fit for your company, and I hope to get the chance to meet with you in person to discuss my candidacy more in-depth.

Sincerely,  
Bridgette LaMaire
