**Mr. Andrew St.Claren**

**In Need of Nanny**

1511 Lilly Leaf Lane, Austin, TX 95001

Dear Mr. St.Claren,

I am writing to express my interest in the job advertisement you posted in the local newspaper. I am very excited to be submitting my resume to you, as I strongly feel I would be a great fit for your company. I hold a bachelor's degree in Early Childhood Development from the University of Texas, Austin that I received in 2012, but I also have extensive experience working with children of older age groups.

I am currently employed by my university's on-campus day care facility, Raising Star Nursery. During a typical day, my responsibilities include providing quality child care and supervision, preparing healthy meals and snacks, helping children explore subjects that interest them, and creating a safe and clean environment that children feel comfortable in.

I am also in charge of creating and leading weekly art lessons to aid with developmental growth. It was through these lessons that I wrote and published my senior thesis. Safety is also incredibly important to me. I am trained and certified in first aid and CPR, specifically for children and infants. As a long-term member of the National American Association of Child Care Providers, I also frequently participate in training seminars, to stay up to date on any developments found in the field of child care.

As a childcare provider, I possess a great ability to multitask, communicate, and work as part of a team. Another skill I possess is creating organized daily plans. I believe that by providing structured plans, children learn to follow a schedule and understand discipline. Through my experiences, I have also developed many techniques that have proven very useful in calming young children and babies.

While I already have extensive experience working with children, I am looking to expand my knowledge and experiences by taking on a nanny role. I strongly believe that this position will allow me to reach my full potential as a child care provider, while simultaneously helping children in need. I share many similar values with your company, and I hope for an opportunity to meet with you to further discuss my consideration for the position.

Sincerely,  
Angie Middleton
