Mr. Oliver Junt

Healing Springs Hospital

1708 North 57th Street, Concord, New Hampshire, 40124

Dear Mr. Junt,

I'm writing today to express my interest in the available nurse practitioner job you have posted on MedicalJobsNow.com. With several years in the industry as a nurse practitioner, and the opportunities my great educational background have provided me, I feel I would be highly beneficial to your team. I am a graduate of Baylor College of Medicine, and have had the privilege to intern alongside some of the leading medical professionals such as Augustus O. Grant and Edward E. Cornwell.

For the past five years, I have been a nurse practitioner at Strong Life Medical Center. My usual tasks include analyzing and diagnosing patients, developing individualized medical treatment plans, monitoring patient well-being and treatment effectiveness, ordering and conducting specialty exams, and prescribing medicine. Additionally, I also promote the importance of a daily healthy life style and preventative care.

In the last several years, I have worked with a team of physicians to re-evaluate several diseases and their treatment steps. Our goal was to take new findings and advances in the medical world, and update treatment plans accordingly. Once our findings had been tested for accuracy, our works were published, and I had the chance, as lead researcher, to present these new findings at the American Medical Research Seminar.

I am very well adept at using computers and conducting research. My multi-tasking and time management skills are superior, and, as an active listener, I possess a great attention to detail. Being that I am tri-lingual and can speak English, Spanish, and French, I can communicate with a wide range of people and specialists from around the world. I have the ability to work individually without supervision, but I also understand the value of working collaboratively, and I welcome the assistance when it comes to providing the best care for patients.

I strongly believe that I would make the ideal candidate to join your team. I share many of the same core values as your business, and I know I would be able to perform my job efficiently, and with a happy and positive attitude. I appreciate your time and consideration, and I look forward to meeting you and speaking about my credentials in person.

Sincerely,
Tanya Keltsovesky
