

Web Developer Resume Sample 1

Evan C. Petty

3526 Ripple Street, Port Huron, Michigan

evan.petty@email.com

(989) 690 1815

A. Summary

After 4 years of experience as a web developer working with various clients, my abilities to perform a variety of tasks related to web development and design have become a second nature to me. Proven analytical and problem solving skills when it comes to dealing with clients and various issues that different websites might encounter. Great communication skills as a team player, but I am more than capable of working on different projects on my own.

B. Working Experience

July/2013 – Present – Quikly Detroit Tech Startup – Detroit, Michigan

Responsibilities:

- Using CSS3, HTML5, JavaScript;
- Working with dynamic data structure;
- Respecting the company's programming standards;
- Maintaining communication using internal software and emails;
- Keeping track record of progress when it comes to different projects;
- Multitasking and handling different deadlines belonging to 2-3 projects;
- Helping and guiding clients, and respecting their wishes when it comes to implementing different layouts and functions.

Achievements:

- Contributed to the development of a tool that allows easy navigation on various websites;
- Became employee of the month thanks to outstanding achievements at work.

June/2012 – July/2013 – Quikly Detroit Tech Startup – Detroit, Michigan

Responsibilities:

- Understanding the company's programming standards better;
- Handling urgent deadlines;
- Focusing on one project and respect the client's wishes;
- Implementing CSS3, HTML5 and JavaScript where it was needed;

- Helping build and design web based interfaces for various applications.

Achievements:

- Managed to deal with a very tight deadline and brought the company profit thanks to the bonus offered by a satisfied customer.
