

# Med Surg Nurse Resume Sample 1

---

## **Jessica Hanson**

668 Vine Street, Richmond, Virginia, 32145

*jhanson@email.com*

448-746-9635

## **A. Summary**

Patient-focused Registered Nurse with six years of experience working in medical surgical environments. Have worked in the operating room, emergency department, and the burn unit. Clinical expertise includes the preparation of medications, and providing excellent bedside care for patients, regardless of their pain level. Looking for a position that will allow for career growth in an organization that is as patient-focused as I am.

## **B. Working Experience**

**January/2015 - September/2017 - Richmond County Urgent Care - Richmond, Virginia**

### **Responsibilities:**

- Performed patient assessments upon their arrival
- Removed sutures, tested glucose levels, and administered all necessary injections and medications
- Recorded patient vital signs using computerized system
- Provided essential patient care, including wound changing and enemas

### **Achievements:**

- Organized and led fundraising efforts to increase and enhance the pediatric capabilities of our waiting room
- Thrived within the increasingly high-volume setting of our urgent care, sometimes seeing up to 100 patients nightly
- Initiated public education programs for women's health, including breast cancer awareness and gynecological education

**September/2011 - December/2015 - Martha Lang Memorial Hospital - Richmond, Virginia**

### **Responsibilities:**

- Worked with physicians to evaluate, plan, and implement care plans for patients of all ages in the burn and emergency units
- Observed a caseload of 20 patients each night

- Documented patients' fluid intake and output
- Answered patients' call lights to assist them
- Provided guidance to patients' family

#### **Achievements:**

- Charge Nurse, 2014-2015
- Supervised entire night shift, 2014-2015
- Recognized by supervisors as a patient advocate

### **C. Education and Academic Training**

Bachelor of Science in Nursing (BSN), University of Virginia, 2011

Registered Nurse (RN), State of Virginia

Certification, Medical Surgical Nursing, Armstrong Community College, 2015

First Aid and CPR certifications, American Red Cross

Member of American Nurses Association

### **D. Job Related Skills**

- Awareness of HIPAA standards
- Intensive care procedures
- Chest and feeding tube care
- IV pump management
- Infection control
- Wound care

### **E. General Skills**

- Flexibility when dealing with new people and surroundings
- Attention to detail
- Dedicated listener
- Effective communicator, both verbally and in written language
